## Customer Reviews

A comprehensive guide to collecting Michael Jordan memorabilia. Very well documented with hundreds of pictures to help identify the various items. An indispensable guide for MJ collectors.

This book is a great tool to have for the collecting of Michael Jordan. It doesn't matter if you have been collecting for years like myself or you have just started. It provides over 300 pages of information that will help you see what your collection is worth.

This book doesn't have a lot on Jerseys and nothing on Shoes. Heaps of information on cards & other small items. I was disappointed with the purchase. I guess it makes a good collection to my book shelf.

Fantastic book for any Michael Jordan collector as it has quality information and pictures of all the items you should possess as an avid collector.
