Customer Reviews

This was a good book for me since I was entirely new to the world of soap making. It was basic and thorough enough. The included recipes were also appreciated and had good explanations.

There are some nice simple recipes in here for beginners with mostly ingredients you may already have in your kitchen.

Poor publishing quality... small (as in tiny) print, and not very well written.

so so

Kind of a hodgepodge of information. After reading, you will be able to make soap but be far from knowledgeable
