A Beginner's Guide To DIY Bath Bombs: A Practical Step By Step Beginner's Guide And Recipes For Making Simple, Homemade Bath Bombs (The Homemade Spa)

Synopsis

A Beginner's Guide to DIY Bath Bombs: A Practical Step-by-Step Beginner's Guide and Recipes for Making Simple, Homemade Bath Bombs

Are you looking for a simple and all-natural way to relax and rejuvenate your mind, body, and soul? We don't always give ourselves time for rest, relaxation, and cleansing. We move about our days quickly, checking off our to-do's and rewriting them all the next day. Discover how easy it is to make homemade bath bombs that can moisturize your skin, elevate your mood, and clear your head of mental fog. The perfect gift for friends and family with 20 recipes to choose from and the key to making infinite aromas, flavors, and combinations! You'll also learn: The basics of essential oils The importance and benefits of carrier oils The power of flowers and herbs And much more!

Customer Reviews

This had so much information that I needed to know. I began making bath bombs a while back with

no luck, and then I received this book at a discounted rate in exchange for my honest review. I'm so happy I got the chance to read this! It made me understand what ratios I truly needed to be able to make AWESOME, violently fizzy bath bombs. My bath bombs come out SO much better than before, and best of all they stay together. I used a round bath bomb mold to make sure the bath bomb was the perfect shape. It worked out well, and I ended up making several bath bombs at once to give out to friends. Great read!

This books has lots of great tips and a few illustrations and pics. The recipes are very easy to follow :) Well worth the money of purchase:)

Great recipes, great info. Thank you for writing such a great book with info that I never knew but needed about cedarwood

This book is amazing and has great recipes. The instructions are easy to follow and I highly recommend this book to anyone who wants to make their own bath bombs!

More great ideas to try. Super fun and seems very easy. The more books you read into this the more tools you find to use and this book gives more tools to use.

Great recipes, the instructions are easy to follow and I highly recommend this book to anyone who wants to make their own bath bombs.

I like that this book walks you through the basics of making bath bombs first, and then introduces some really nice variations that are really easy to implement. The author does a good job of explaining what goes into the bath bombs and how and when to use the ingredients. The pictures make it really easy to follow along. I'm looking forward to using some of these recipes to make some cool and personal Christmas gifts and stocking stuffers.

Great book! I love how the ratios where explained and how well illustrated. Simple and easy instruction. I recommend this book.
