Customer Reviews

While the pictures are very good it is time consuming to look up the items you want. They are not in alphabetical order. I find myself using Warmans "Roseville Pottery" by Mark F. Moran 2004 and Warmans "Roseville Pottery" 2nd edition by Denise Rago 2007 almost exclusively. They are put together much better.

Easy to use, informative. One of a series, you need them all to see everything. Background on the potters is very interesting. If you are looking for information on collecting Roseville this series is great.

Great for quick looks at the pieces.
