Customer Reviews

This book is excellent! I'm a beginner in scroll sawing and this book has me very excited to begin making very interesting picture frames which I intend to give as X-mas presents. It not only gives you great projects but you can adjust the ideas and change it to serve your own purpose. The price is excellent for the amount of materials you get.

I got a lot out of this book, but only because I am a beginner. I would recommend buying it, but it is FAR FROM BEING THE ONLY one you will need.

Great Book
