Flowers

Customer Reviews

I got this book because I love to amass interesting talents and this is one I really liked. While not easy to do, the book offers step by step guides and pictures to help you work this puzzle out.

Just as advertised, thank you!!

Made these years ago and had forgotten how to make them, couldn't find any books at the library, This is another book I have to thank my sister for because she is the one who got me started with ebooks and my kindle ap. This is so close to the book I 1st learned from and simple to use. I had used them for my wedding -----years ago they worked great.

The illustrations are good enough to follow and I will try to do these soon. This makes the process

seem easier than I originally thought.

THIS TUTORIAL IS EXCELLENT. IT GIVES YOU STEP BY STEP GUIDES TO MAKING PERFECT ROSES. TRY IT AND SEE FOR YOURSELF.
