Customer Reviews

Learning new things are always fun, and chalk painting is what i want to learn for so many days, i have read so many books and this book , this book is best of all and very easy. I'll tell others too.

A total disappointment and waste of money. It's barely a 20-page booklet with very little explanation and NO pictures to illustrate the process. I can't believe I spent money on this.

All the techniques told y author in this guide about chalk painting furniture is so easy to follow with great explanation. Author have really used easy language to get the work done.

This guide about chalk painting is such amazing guide, all the tips and tricks about painting is easy to follow. Author have surely manage a great deal in this book
