# 33 The Series, Vol. 1: Training Guide - A Man And His Design

## Synopsis

33 The Series: A Man and His Design - Training Guide is a 6 session Bible study that builds upon many of the timeless truths taught by Robert Lewis in the original Men's Fraternity curriculum but also includes new material on authentic manhood. The series is designed to inspire and equip men to pursue authentic manhood as modeled by Jesus Christ in His 33 years on earth. Volume I contains six sessions that explore the basic foundations of authentic manhood and God's clear design for men. This first volume of 33 starts with meaningful insights into the current state of manhood, which will help men navigate through some realities that have created cultural confusion. It follows by unfolding God's mandates for all men and offering a clear definition of authentic manhood that will help men on their journey. Each participant will learn the four "faces" of manhood and how to anticipate and transition through the specific seasons of life

## Book Information

Paperback: 112 pages

Publisher: LifeWay Press; Csm edition (January 3, 2012)

Language: English

ISBN-10: 141587395X

ISBN-13: 978-1415873953

Product Dimensions: 7.5 x 0.3 x 9.5 inches

## Customer Reviews

The Men's Group at our church in Alaska loved this series. The series is multicultural in approach and multi generational as well. The art and graphics and superb for its day. It has relevant history early on in the series which sparked great discussion between men in a very new group.

This is an updated series from Men's Fraternity. It is really well done and the material that it contains is helpful for frame Manhood, its context and a biblical perspective. JB from Fellowship Memphis is deeply insightful and has clearly spent a long time developing a theology of Manhood. At times it

feels a little chest-beating and knuckle dragging. What makes this series successful is its desire to cling closely to the mandate of scripture for manhood. This six part series is great for anyone looking to develop their men's ministry at church, or for guys small groups.

The book is a good guide to the videos we watch. We have rightnowmedia account through our church so we only need the training guide. If you are studying this with a group you should only need one book between everybody. You should check with your church if they have rightnowmedia. Some churches may not advertise it but have it. Overall, I like the study guide. There are real stories for redemption in between sessions which are very encouraging to look at. I like the study because it's Christ centered and not a self-help book. Christ should be the foundation.

Don't do this series. Quest for Authentic Manhood and Winning at Work and Home are 5-Star...excellent programs. The 33 Series is watered down and attempts to be cool...but it's not. They attempted to recreate Rob Lewis's outstanding teachings into 25-30 minute DVDs, but after all the back-slapping and telling you how good the material you're about to see is, you only get 12 minutes of real teaching time - which doesn't compare to the original series. I lead 30 men through this after doing the other Rob Lewis DVD series mentioned above and they all felt the same way...it was a major letdown and they wanted to find new Rob Lewis material. - PJ Huizenga

My church's men's ministry went through this book. We had some good discussion in our groups. However, the price of the book was tough on some of the guys. And the ones who could afford it wondered why a 6 week book cost so much. Our church said that they were selling the books at cost, which I questioned. But now I see that has them at the same price. And the content seemed a little weak. There are just fill in the blank outlines and a few stories that didn't really move me. We just started the 2nd book and I have noticed that none of the guys in my group are purchasing the books. I don't blame them.

This training guide was listed as used and in the ad it was stated that the "text was clear". I think from a description like that it would be safe to assume that there was no writing inside. When I received it I looked through it and found that white-out was used to cover up the notes from the previous owner. I was disappointed with my purchase. However, since the training was already underway, I decided not to pursue a refund with the seller. Buyer beware when buying used! The training guide itself - white-out aside - is great.

Met expectations as advertised. You will learn the truth about what being a man really means just as the book says.

Excellent guide for the 33 Series. The 33 Series is what every guy needs. Young to old it will help you see what it means to be a true Christian man, great stories and examples. Loved this material!
