Customer Reviews

This is the most complete book on Valentines Day I have seen. Filled with interesting facts, over 200 (not 20) vintage Valentines, the history of Valentines Day, fun crafts for kids, recipes andmore. A must have book. AAAA+++++++

Greetings With Love: The Book Of Valentines will hold year-round attraction for any interested in greeting card art, collectability, or history. The focus here is on antique valentines, with chapters surveying the earliest valentine in history to modern times. Over 20 vintage valentines from mechanical cupids to lace productions are detailed in a history which traces the changing trends of the day. Beautiful color photos of antique productions make for a bright, highly recommended coverage.

this is a great resouece book for my collection. the graphics are wonderful and the amount of material contained within is a lot more than i expected. wouls greatly recomend this book for anyone

with an interest in holiday vintage ephemera.

I loved it! I really love the old-time photos. I would recommend this to all who love to collect and decorate for St. Valentine's Day.

Vintage Valentine's to enjoy. Great book to remember who creative Valentines used to be. A nice walk down memory lane.
