Customer Reviews

This book might be fine if you are knowledgeable regarding the subject and just need a reference guide. It is not a particularly good book for a novice. Greater explanation on terms and clear defining of abbreviations would be a major help. It seems comprehensive but it is confusing for a novice. I would recommend a glossary of abbreviations.

The book is well presented and describes the various items in paper money. It does need added clarity for the Grading section and its' codes. Some nomenclature is not defined.

Another spellbinding book by that exceptional writer. Ms. Steel has done it again. She is at her best with this book. Talk about Hollywood.

My 8 year old wrote a ridiculous review for this book, and I found a way to edit it (by writing this), but not to completely delete it, so please just ignore this review. It will be deleted if I find out how.

Great Product.
