The Sacred Romance Workbook And Journal: Your Personal Guide For Drawing Closer To The Heart Of God

Synopsis

Do you long to recover your heart? To hear the Lord wooing you with untamed love, inviting you to a life of wonder and adventure? The Sacred Romance Workbook and Journal can help you unearth your heart and reveal God as the Author of a magnificent story?one in which you play an important part. Through this book, you will: Realize that the life you've created for yourself may be far too safe and too formulaic compared to the drama God desires for you. Relinquish the pain of inner wounds and enable yourself to more fully embrace the Romancer's love. Understand how Satan tries to distract you from God's "larger story" and discover strategies you can use to defeat him. Abide in the Lover and let Him give you dep, supernatural security that's not dependent on external circumstances.

Customer Reviews

I have been leading discussion groups on the Sacred Romance for two years. When I saw that John had published a study guide I was so excited. John was a professor of mine and his books have changed my life. If you want to know God more intimately, if you want to pursue the adventure He has planned for you, if you want to acquire the eyes to see His beauty, please buy the Sacred Romance and study guide...it just may change your life.

I never take the time to write reviews so take this as a "sixth star" for The sacred Romance along with it's study guide companion. I first read the book a year ago and had a "so-so" reaction to it. It was good, and it helped me take a unique look at God's most dramatic act of love on our behalf. Still, I pretty much forgot about it not long after I read it. I can't tell you how different my reaction to

this book was about a year later when my small group decided to use T.S.R. for our lesson. Wow! We now have a level of trust with each other and with that trust have been able to share old wounds of the heart that were prohibiting us from the most important relationship of our lives (a relationship with God of course) and we were also able to build each other up. If you are in a small group I URGE you to consider The Sacred Romance. If everyone in your group is honest and takes the chance to be a little vulnerable with each other it will change the dynamics of how you study together dramatically.

I used this workbook in a small-group study of The Sacred Romance, and I can't recommend the workbook highly enough. Eldredge expands on the information in the book and asks questions that bring the material alive. Where the book tells some great stories, the workbook has helped me better understand and apply those concepts to my life. It's been life-changing, and well worth the time!

This is one of the most spiritual liberating books that I've read so far. It helped me to recognise a lot of hidden truths in my life and the embark on the journey of liberation and enter into the bigger part that God created me to play in the drama of life.

If you are in a small group I URGE you to consider The Sacred Romance. If everyone in your group is honest and takes the chance to be a little vulnerable with each other it will change the dynamics of how you study together dramatically.

I can't recommend this book highly enough. I read the original book, and loved it, but knew there was more that i was missing. The workbook asks detailed and sometimes confronting questions, and acts as an aide to hearing God. I found once i started asking God these questions, i had the

insight i needed to break through so many of the walls i'd put to God, myself, and others. As a result, my relationships are healthier, and i am a less defensive person.

So much better than the book. I was confused after many of the chapters in the book, and the journal helped clear it up. Very glad I bought it- such a fan of John Eldredge, he had completely changed the way I view God.

God wants a relationship with us and this book, if worked, will help tremendously. Like most things that don't come easy, the outcome depends on the work one puts into this study. I am a different person because of this workbook.
