Customer Reviews

The book was very well written, with much research. Very useful for for all Nascar cars collectible's fanatics. Much information on each Nascar driver. A good source to keep track of value of current and older cars .Being able to keep track of your own cars with space provided for each car with driver . It also has a lot of history about Nascar Legends , living and decseaed . The only part that disappionted me was,that ther where only NINE drivers listed,with pictures of there cars. Granted these were the Top ones , I was still not 100% happy with the book .To me ,there are way, way more than NINE great NASCAR drivers that sould have been mentioned .
