## Customer Reviews

This strategy guide is, without a shadow of a doubt, the thickest, the heaviest and the most detailed strategy guide the world has ever seen. The original Skyrim guide was already massive with 656 pages of contents jam-packed with details on the papers only the scopes of games like Skyrim can fill. However, the new Legendary Collector's Edition Prima Official Game Guide has, get this, whopping 1120 pages of contents expanded accordingly to the addition of the newly added contents from 3 Official Add-ons Dawnguard, Hearthfire and Dragonborn. The book was delivered for free in very speedy one day by USPS (pre-order special) in the usual cardboard box. Inside the box, this massive tome was thick, double shrink-wrapped with cardboard slightly bigger than the book itself, giving extra protection from any possible damage collectors would just scream from the top of their heads. The Collector's Edition Guide comes with a free code for access to the bonus eGuide, fully interactive online guide that would normally cost \$26, at Prima Games website and nice exclusive 24" panoramic poster showing the entirety of Alduin's Wall and signatures from the members of Bethesda Game Studios. It also has hardcover bound and ribbon bookmarks to give you extra quality. Otherwise the regular edition and the collector's edition are identical in the number of pages and contents, and both comes with a two-sided map of Skyrim. While the quality of the paper used for the original guide was excellent, the quality of the new Legendary Edition Guide is slightly different, has even more glossy and smoother feel, more like Fallout 3 GotY Collector's Edition Guide than how the original collector's edition guide was.
