Fantastic read! Covers everything from history to region types of beans, tastes to ways to roast your own beans, and even covers a variety of equipment to roast, brew, and serve the freedom of real coffee.

Superb read for the aspiring barista & the skilled barista alike!

A great resource for anyone wanting to learn more about the coffee/espresso you drink. But most especially for those who are brave enough to try and make espressos for themselves at home.

So many amazing things I had not known or heard of. A must read ! You will devour this in no time !

Love this book, just what I was looking for in terms of size and info.
