## Customer Reviews

I was looking for a book that tells step-by-step how to make homemade yogurt. This book tells about yogurt but only has directions to make greek yogurt. There are quite a few recipes in the back of the book but they are recipes on how to use yogurt, not actual yogurt recipes. I would not recommend.

The book was very informative for first time yogurt makers. It gave a better understanding of basic yogurt making. Very helpful.

Good information about yogurt. Recipes pretty simple and tasty.

Works great. I'm glad I bought it.
