## Customer Reviews

Cherish Me Always is a series of 4 books (3 have been published as of Spring 2002) that have grown out of the author's photograph collection. The photographs are shared in a graphic format that compliment the vintage photos. Poetry and literary quotes maintain the feeling of childhood storybook wonder. The child subjects of "Teddy Bears and Warm Fuzzies" are both girls and boys. Many of the toy companions shown are teddy bears, but not exclusively so. There are many identifiable and unidentifiable plush toys that do not seem to be teddy bears, but all of the plush animals seem to be loved and cherished by their child companions. This book is an enchanted journey back to the childhood days of bygone years.

This was a wonderful book! If you love history, children, photography, or teddy bears, you have to purchase this book! There is nothing on the market like this. The photographs pictured are so endearing! This makes a great gift book! I hope you enjoy it as much as I did.
